ON July 13th, while dedicating a \$3,000,-000 addition to St. Paul's Cathedral in London, "gloomy" Dean Inge, with outstretched arms over the edifice, stated: "Christianity is a failure." When John B. Kennedy transmitted this information to us on the N. B. C. foreign broadcast, he added this interpolation: "I should like to know when and where Christianity has ever been tried."

I was very much surprised at the remark of Mr. Kennedy because if ever there was a system of religion which has been tried all over the world, that system is Christianity. There are 250,000 priests and preachers who have worked and preached for a long time, and if Christianity has never been tried then why is this large number of priests and preachers making a living?

Over in Rome, his Holiness the Pope very plainly tells us that he is the head of the Christian church. He tells us also that he is the head of the Roman Catholic church. Now this is a very old church and it has a lot of followers, so I don't see how Mr. Kennedy can say that Christianity has never been tried. The answer is that Christianity has been tried, for many centuries, and has altogether failed to do what any system of religion should do, and that is reveal God to the human race. This statement by Dean Inge, the practical head of the Church of England, is a very interesting statement. It is a staggering statement, and if true it means that in this country alone many millions of good honest Americans have been taught a system of theology which has failed.

Now let us see if other prominent church leaders hold the same opinion. Personally, I accept the statement of Dean Inge completely. For 12 years I have been telling the American people the very same thing. This statement, however, coming from the head of the great Church of England, must be accepted as being perfectly correct. Now, let us look at the

## Why Has It Failed? . . .

Episcopal Church in the United States and see what the head of this church has to say. Bishop Tucker, who is the head of the Protestant Episcopal church in the U. S., not long ago made this statement: "Members of the Protestant church must develop an enthusiasm comparable to that of Soviet Russia or the Christian church may fail and pass out of existence." Here we have two great church leaders making the same identical statement and we must agree with them, since they know what they are talking about. If they don't then who does?

Of course the Episcopal church is only one branch of the Christian church, but let us look at some of the other branches, and see what they say.

Not long ago Bishop Ralph Magee of the Methodist church published the statement that last year the Methodist church lost three-quarters of a million members and had closed up over 3,000 Sunday Schools. Five hundred and fifty Methodist churches on the Pacific coast, as recently disclosed by the special edition of the Christian Advocate of January 4, 1940, lost 61.6% in world service contributions, and that although pastoral support declined 12.7% indebtedness went up 99.4%.

As I write this to you on August 13, the United Press released a statement which has a direct bearing on this article. This U. P. article states that the total contribution to the Christian church in this country declined over one-quarter of a billion dollars against ten years ago. \$250,-000,000 is a lot of money. This just simply means that the American people are not supporting the church. If Dean Inge and Bishop Tucker are convinced that Christianity is a failure, then the people are beginning to find it out, too. Now let us

look at the Presbyterian branch of the Christian church and see what the record looks like there. In his dynamic book "The Sky is Red," Dr. Jean

Milner, pastor of Henry Ward Beecher's old church in Indianapolis, makes this significant statement in closing: "The Presbyterian church has an opportunity now, which unless we take advantage of, the Spirit of God will manifest itself on this earth through institutions outside of the church." I am giving this quotation from memory, but it is substantially what Dr. Milner writes. I could give many more statements and facts and figures from every branch of the Christian church if we had space, but I am trying to show you that the statement of "gloomy" Dean Inge at St. Paul's Cathedral is borne out by the church leaders throughout the entire system of Christianity. So far as I know this is the first time that a man of the prominence of Dean Inge has made the flat statement that *Christianity is a failure*. I might interpolate here long enough to state that if anyone thinks it isn't a failure, look at the world today.

For 12 years the Founder of this Movement has been trying to help the Christian church. He knows it is a failure. He knows what the trouble is. He knows why it is a failure, and he is going to tell its leaders in this article, very simply and very plainly, what that reason is. I do not need to go into the details of what the Christian church is founded on, because we all know that. It is founded on the fact or fiction of a person called Jesus Christ being God Almighty. If this man Jesus Christ, which was not his proper name, by the way, actually was God Almighty, then not only has Christianity failed, but God Almighty has failed, too.

Christianity wants us to believe that 2,000 years ago, God Almighty, the great Creator of this universe, who for millions of years has been at work creating, creating, creating, was born in the womb of another

# The True Hitler - - -

I have just heard over the radio a news dispatch which states that Hitler is not interested in France making any separate peace. He says, "I am going to annihilate the whole French army." There you have the true Hitler. There you have the man who, only last week, stated that his victory would mean the descent of the Holy Spirit upon the earth. What blasphemy is that. It shows you what would happen if that inhuman monster were to ever get a foothold in this country. Even if France wanted to quit before the force of superior flame-throwers, etc., he would not let them. Annihilate them all, he cries. Let me ask you, my fellow Americans, a simple little question: Do you think for one moment the Spirit of God, which Spirit created this universe and which lives in you, is going to allow that sort of thing to permanently endure on this earth? I think not. I know not. I again ask every reader of this magazine to do the little spiritual exercises I have recommended, and do them faithfully four times daily. Perhaps you see little use in that, but please believe me when I say to you that, coupled with what I am able to do here, we are throwing into action a Spiritual Force which Madman Hitler never will be able to throw off. With his damnable murdering cannons, and his Stuka bombers he can blast into eternity all human power, but there is one Power he cannot faze. That Power is the ever-present Spirit of God. It lives in you. You, because of what you are, are definitely linked with the great Supreme Realm of the Spirit of God, and you can, if you only will, draw upon that Realm of the Spirit of God for whatever you need in this life, and, through the indwelling of the Spirit of God in you, you will never die—that is, spiritually.

So then, four times daily, join me in bringing Hitler and Muscle-in-i to their knees, with every other false force which is festering the sores of this world today. I say to you that God is about to speak on this earth. God is speaking now. 'Twill be but just a little while, and this Move-

ment will swing into full momentum for God. I shall take the lecture platform from coast to coast, and as a result of that, Americans will know the fullness of the Power of the Great Spirit—God, and wars will end, illness will disappear, and be subject to our command. Hitler and Muscle-in-i will go down to a shameful end. And then, after all that is over, the world will live in peace—all nations—because all nations will recognize, for the first time in their history, the Power of the True Spirit of the True God.

Let us then forget these other foolish stories of God being killed for our sins. Let us give God credit for still living, and for being able to stop this mad and ghastly slaughter of the innocents. For God can. And God will in the moment this nation turns to God. By that I mean, recognizes the full Power of the Spirit of God in each human life. This is all America needs to make her invincible. I have stated many times that it is here in free America where the light of God shall first be lighted. The Movement through which this Great Light is coming to this earth, is the Movement you belong to, here in Moscow, Idaho. Stand behind me in these hours of stress. I need all the spiritual help I can get. I need sufficient funds to start the great coast-to-coast campaign for God. So, if you can, send me whatever you can now. The sooner we have \$100,000 in the bank, the sooner I start.

## The Great Love

"Oh Love that wilt not let me go;  
I yield my flickering torch to Thee;  
I give Thee back the life I owe;  
That in Thine ocean depths, its flow;  
May richer, fuller be."

It's eleven-thirty at night. I have been here in my study at home for the past few hours writing to you. I finally turned on the pipe organ and the first tune which came into my mind was the one which is usually used to the above beautiful words. These words were written by a Dr.

Matheson, a Scotch clergyman. He was engaged to be married to what he thought a beautiful girl. Then he was stricken with blindness, and he offered to release her from her engagement to him, never dreaming that she would accept the release. But she did. Then this good minister sat down and wrote this hymn which will last as long as man endures.

The thought here is that, in his extremity, and after having trusted in an earthly love and been disappointed, he turned to the Great Love which never disappoints. There, of course, he found peace. I don't write much about the Love of God. These are days in which we must use the Power of the Spirit of God against war-mad destructive dictators. But the essence of the Power which is God, is still Love. It must always be Love. It was an infinite Love that gave birth to us, and as we begin to realize where that Great Spirit exists—in us—we shall also begin to realize that, in essence, the Spirit of God is the Spirit of Infinite Love. To know that, and to couple it up to the other things God is, is to truly live. Let every Student of mine realize first, the overwhelming Power of God, and then, the great Love which is God.

Wanted—a crusade; something objective; something all-enlisting; something to set souls on fire with indignation and resolve. That is the perpetual need of any organization with the breath of true and enduring life in it. That is the need of the united young people of all our churches, of whatever denomination, throughout America. Out of the Christian training school into the Christian arena—is not that the true law of spiritual development and accomplishment?—Zion's Herald.

## Questions and Answers

**Ques:** Do you not have any fear of death or the future, seeing how you blaspheme God? I would be afraid to go to bed at night if I taught such blasphemous doctrines as you teach.

**Ans:** No, sister—I have no fear whatsoever of death. In fact, I sort of welcome it, for when I slough off this body of clay, I shall at once be in the full presence of the Spirit of God and that will be a welcome relief, I assure you. Now, you say I blaspheme God. I will give you \$1,000 for every time you have heard me do that. If you can find one word which blasphemes God in any of my many writings, you can make a lot of money. But you cannot find such a statement. You believe that Jesus Christ was God. I do not. I should think that you would be the one who should be afraid to go to bed at night, dishonoring God as you do by believing that He was so small and puny that a handful of Roman soldiers could kill God on a cross. That's not the true idea of God. God lives in you, here and now, as a Living Spirit. That Spirit gives you life. Let's forget all about a theory of God you cannot prove, and let's stay close to the Spirit of God, whose existence you can prove.

**Ques:** What causes disease and illness?

**Ans:** The physical body, being a body composed of minerals, etc., has in it the seeds of both disease and illness. But they are subservient to the Power of the Spirit of God in man. God lives in the physical body, but God is not of the physical body, although it was made in accordance with the Power of God. Some day soon we shall know why we were not made either all spiritual or all material. I don't know.

**Ques:** What do you believe about reincarnation?

**Ans:** Haven't time to even study it. Too busy telling men and women about the existing Power of the Spirit of God.

**Ques:** Since finding God through your wonderful teachings, I have gained 17 pounds. Shall I try to reduce or keep this weight? I weigh 146 pounds.

**Ans:** You probably gained in weight because you stopped worrying when you recognized God in your life. When you know the fullness of the Spirit of God in you, you won't care if you weigh 546 pounds. The joy of finding God will enable you to carry it gracefully. No more questions about "reducing," please.

**Ques:** When you say in your advertisements that you talked with God, did God talk back to you? I am very much in earnest, but our minister says you are a faker. Your advertisement might lead one to think you are, but your literature I have received gives a different impression, and, frankly, I don't know what to believe about you.

**Ans:** Well—that's an honest letter, anyhow, and I'll answer any question which is honestly asked. When I talked with God, as you should know if you received both of my Lectures, God spoke to me, too. God has been doing that ever since. In fact, as a result of that little conversation with God, this whole world-wide Movement came into existence. Do you

think a "faker" would, or could, do what I have done? Don't you realize that no man can write as I write unless the Spirit of God be in that man to quite some degree? You can "fake" about most things, but you cannot "fake" my writings. They are too pregnant with the Spirit of God for that. Most any priest or preacher in America will be glad to tell you that I am a faker. I consider that a compliment. If these priests and preachers spoke well of me, I should be highly suspicious that they agreed with me; and when they do that, my usefulness is ended. No, Brother Watkins, I'm not a "faker."

**Ques:** What is the difference between "Psychiana" and Christian Science?

**Ans:** The same difference as that between the North and South Poles.

**Ques:** Do you think Mr. Roosevelt will run for a third term?

**Ans:** Undoubtedly, a fake draft will be put over, but it will cost the president the election. This country is against third terms.

**Ques:** Why is it that everything I do goes wrong? I cannot get ahead, my husband drinks, and our house is hell on earth. Why can't God change all these things?

**Ans:** He can. He will if you will manifest your recognition of the presence of God in you. Where God is, nothing can exist which is contrary to God. I surmise that you have not yet reasoned the existence of God out in your life. Why don't you?

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth, and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals Itself to us, we reveal It to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire movement. Through this Movement the Spirit of God is making Its presence known on earth.

## Why Has It Failed?

(Continued from page 1)

man's wife in a little city called Bethlehem, 2,000 years ago.

Let us take the story from the Christian bible. It seems that there was a couple by the name of Joseph and Mary. What their last names were, we are not told. In any event, we are told that before Joseph had had any private relations with his wife, he found her to be pregnant and was minded to put her away, seeing that she was in this condition. But an angel, so we are told, came down to Joseph and told him not to put her away, because the baby she was to give birth to was God Almighty. It is interesting to note in passing, that in Greece about this time, a law was passed declaring the death of any unmarried woman who claimed that a ghost was the father of her child. The angel told the father and another angel told the mother, so we are told, that a ghost was the father of the child.

Now it makes no difference whether or not this ghost was "holy" or

"unholy." The fact remains that we are asked to believe that a ghost was the father of a child born to another man's wife, which child was God Almighty, the Great Spirit which for millions and millions of years has been at work fashioning this amazing universe, and everything in it. We are told that Joseph knew that his wife was with child and we are also told that the child was conceived and born in the womb of Mary. I think, therefore, I am perfectly safe in drawing the inference that, as this baby was conceived and born in the womb of this woman, the impregnation of her must have taken place at the hands of this ghost.

Mary had several other children, but there is no record of a ghost being the father of them. There is no record of any of the brothers and sisters of this child, which was God Almighty, knowing anything about their brother being God Almighty. As a matter of fact, the name Christian was never heard until the second century after these amazing things are supposed to have happened.

Now, the story may be true, but I don't believe it and in the light of the church heads I have quoted here, whether they believe it or not—*Christianity has failed*. We are told that this baby grew up and worked at the carpenter business with his father. Then there is a period of long silence, after which, at the age of 30, this young man, whose first name we only know, began to preach. The whole scheme of Christianity tells us that this "ghost-born" man was Almighty God. There is no question about that. We are asked to believe that he was a son of God and at the same time all of God. Now, I don't believe this, and I don't think you do either.

Well, as the story goes, God Almighty began to preach until one day he was tacked up on a cross and crucified by a little group of Roman soldiers. After this he was buried. Here then, we have God Almighty, the only God this world has ever known, the Great Creator of this universe, lying dead in a tomb. God was dead, and I feel like asking by what power did even a dead god resurrect himself? This is just a passing thought.

Now we are told that three days after God Almighty had been killed and buried, he got up out of this tomb and flew up to heaven where he presumably has been ever since, for no one, from that day to this, has ever seen or heard of this young man whose father was a ghost and whose mother was another man's espoused wife.

We are told by Christianity, that all who believe that story will have another life after this one, in some place above the sky called heaven, while all who disbelieve it are to be eternally damned. What Christianity does not tell us, however, is that this entire story was known and taught many times before and tens of thousands of years before. Christianity does not tell us that there had been about 35 other ghost-born divine beings who came to save the world "from the sins of man." Osiris, who lived 20,000 years before Christ, taught the identical religion that Jesus Christ taught. Think of it. Both being born in the same manner and both preaching the same thing. The one 20,000 years before the other. Some of their teachings are word for word, line for line, and sentence by sentence the same. They both must have learned from a far older system of religion.

Christianity does not tell us that we have evidence of religion dating back 170,000 years before Christ was ever heard of, nor does Christianity tell us that there is not a single original writing which would tend to prove the truth of this story has ever been known to exist. This system does not tell us that in the year 1545 A. D., A. D. mind you, Bishop Iraeneus with a council of 180 other Catholic priests and bishops, decided that because the earth has four corners and

## God and a Level Head

What America needs most in the world crisis is a consciousness of the invulnerable Power of God (right) and a level head. This is not our war, and while we may, in self preservation, be forced into it, fundamentally it is not our war. Our only play is to so arm that no nation, and no combination of nations, can steal from us the fairest land on the face of the earth. There is no system of government which can be set up which can hold a candle to the American free democratic way of life. The unemployment situation, coupled with the paying of men and women when they don't work, is the first step in the undermining of Americanism. Labor unrest. Dissatisfaction with existing conditions. Expecting the government to feed and care for men who won't work—these are the germs of dictatorship. These symptoms preceded the dictatorship in Germany and Italy and Russia, and we who love America should be careful they get no more foothold here than they now have, and that's plenty.

If we here in America will recognize the existence of the Spirit of God, which is nothing more or less than the Creative Spirit of Right, Love, Peace, Justice and Honor, we shall do well. Let each of us, every day, keep still for just a few moments, and have a bit of silent communion with the greatest Spiritual Force this world has ever known. That Spirit lives in us. It lives because it is God. So then, how about recognizing that Supreme Presence in our lives every day? I have no fear about Hitler or Muscle-in-i or Stalin, for they all represent murderous, negative, ungodly forces. The forces of God, the forces of right, must and will down those opposite forces; but this cannot be done if we cannot find men and women through whom these nobler and higher forces can operate. So, if you do your part, and I do mine, between us we can light a light for God here in America which never will be put out.

As long as this war lasts, don't forget, four times daily, throw the Power of the Spirit of God against these evil men. It will bring their downfall very speedily. Every day, more and more people are sending the

signed slips to us, and are doing this simple little exercise, and I believe it is having its effect. So do it faithfully. Stand by this country. It has stood, and will stand, by you.

## Why Has It Failed?

(Continued from page 4)

animals have four legs, we should have four gospels.

What I am trying to do in this article, is to help Christianity find itself. For when Christianity discards what is evidently not true and really finds the Truths of God, it will be able to bring those truths to this world, and against those truths such madmen as Hitler and Muscle-in-i and others cannot exist. The Power that created this universe is God. That Power is still creating; therefore, it still exists. Being the infinite of peace, of justice, of love and of joy, naturally that Power is abundantly able to bring permanent peace, justice, happiness and joy to this earth. It will do so in the moment any religious organization finds and teaches the true power of the Great Spirit, God.

The greatest crime ever committed against the followers of Christianity is to be told that God has failed and this is exactly what "gloomy" Dean Inge said on July 13th of this year. If Christianity has failed, let's eliminate it and come to those who have found the Truths of the existing Spirit of God, and I assure the church that it will find us more than willing to do everything in our power to bring to it the plain, simple Truths of the existence of the Spirit which is God. That Spirit, that Power, can stop Mr. Hitler in rapid fire order. It cannot, however, do one thing toward bringing peace to this earth as long as Christianity teaches what I believe to be the most insane, foolish, and pagan story of God Almighty ever printed.

The failure of the Christian church is directly traceable to the fact that instead of teaching the Truths of God, it is teaching falsehoods about God. As long as it continues to do that it will fail. We haven't seen anything yet, horrible as this war is. Many things may happen before this article is read by you. Unless Christians discard completely the foolish story of God Almighty being born 2,000 years ago to another man's espoused

wife, fathered by a ghost, then Christianity will completely pass out of the picture.

If these dictators win, they will see to it that every last vestige of Christianity goes. They have already forbidden the Masonic Order to operate in any country they have conquered and if they should win, and if Japan and Russia should enter this war, *I am saying to you that it will take a greater Power than this world has ever known to bring peace to this earth.* Christianity does not have that Power. It is a failure, and the reason it is a failure is because instead of teaching the actual Truths of the present existence of God, it is content to teach a story that is not only untrue, but not original. The story of a god, born of a virgin, then crucified for the "sins of the world," can be proved to be an old pagan religious tradition.

Now I must close this article. I don't believe any branch of the Christian church will care to give up its idols and its false stories. Already the Roman Catholic church, according to the official Vatican newspaper, has thrown in its lot with the totalitarian governments. Evidently it feels they are going to win.

They will not win eventually, because the "Psychiana" Movement exists and is bringing to the world for the first time the plain, simple Truths of God and my Students know what these Truths are.

I say, let Christianity throw away the story which has caused its downfall. If it will, this Movement can show it how to bring peace to this earth through the Power of God, in short order.

## With Our... Students

From Brownwood, Texas, we get this letter, which also makes us exceedingly glad. Ofttimes I wonder what the churches would say and do if they, with their thousands of buildings and congregations, could duplicate these works. Just as soon as they find the Living Spirit of God, they will be able to do so:

"Your third Lesson received some time ago and it presents the most marvelous scheme I have ever seen. It is wonderful. (There's that old word again.) It certainly works in a material way. I am feeling wonderfully well. I can walk for several miles without tiring, something I haven't been able to do in years."

And so it goes. Day after day, week after week, month after month, and year after year for eleven years now, God working in human lives.

We hear once more from New York City. Our friend Student Porth, a tailor on East 86th St. Some of you New York Students call on Mr. Porth. His phone number is Regent 7-1050 and the number on East 86th Street is 350. I am quite sure Henry will be glad to know you all. But don't all go at once. Call him up first. (I may be putting my neck out by asking you to do this, but you may need a new suit of clothes, and I know of no better tailor than a man in tune with God through "Psychiana"). Here is what Mr. Porth said to us on October 29, 1939:

"What a change in my life! It began to show right after my first Lesson; plenty of work in my shop so I had to put on help. I am so busy that I only find time to read my 4th Lesson at night after ten o'clock. I am so thankful to you that you have opened my eyes and shown me how to find the Living God, and I am telling you here and now that I am in earnest with my Lessons. The old story of being a 'lost soul' is on the bonepile for me." (Yes, I think Mr. Porth can make a good suit of clothes—go and call on him anyway, you New Yawkers.)

From Waterbury, Conn., comes this letter from Miss Damelio. She, too, is but a new Student. My guess is that she will be with us for the rest of her life. I still have with me the very first Students who enrolled 11 years ago. Some of them, I have lost track of, but not very many:

"I won't take much of your time, but you must know how pleased I am with my Studies. I am only on Lesson 2 and I think they are simply wonderful. I am faithful to them, for they have given me a new lease on life. I am only sorry that I did not hear about you years ago."

Now from Bloomfield, N. J., comes this fine letter from Student Lillie Hyson. It's short, but there's a lot of Power in what this good lady says:

"I know you have been wondering why you have not heard from me. To tell the truth, I have been lost for words to tell you the joy and happiness that I have been receiving every day since my first Lesson. I never thought such good things could happen to me."

From Portland, Oregon, Student Aldredge, comes this:

"I am out of the hospital. I am recovering very rapidly, in fact, beyond the doctor's expectation. I am certainly thankful to God for this wonderful Teaching and wonderful healing power. I

am deeply grateful to you for your intercession."

From Portland, Oregon, comes a letter, dated April 17, 1940. I want to quote from that letter:

"One particular instance I want especially to have you know. Last fall I wrote you that my sister was confined in the Washington State Hospital for the Insane, and asked that you advise me if there was any way I could help her. Your Dr. Tenney wrote me an encouraging letter, and also said he would do what he could. Just previous to this we had been advised by the doctors in attendance that although they had given my sister a course of treatment, they could see no change in her condition, and they held no special hope for her recovery.

"Now, just about a week after I wrote you, they wrote her husband saying that he could come and take her home at any time, as she appeared to be fully recovered. You can imagine the joy and happiness the entire family felt, and while it may have 'just happened,' I have always given the entire credit to the Power of the Living God."

I certainly thank this good lady for her wonderful letter, and naturally I am not using her name or address.

As I write this column, I quote from a few of the letters which come in from day to day. For every letter I quote from, we probably receive 50 similar letters.

This letter comes from Student 34,350 and this gentleman lives in the Calumet Apts. in Chicago. He says:

"This is my third Lesson and already I see a change coming over me. Fear is disappearing and instead of defeat, everything is turning my way."

This is always the invariable result when men and women begin to find the Power we are teaching. It is interesting to know that these experiences come and these lives are changed without any bible, or without any believing in a "crucified god." We demonstrate the activity of the Invisible Spirit, which is God, and we prove that this Spirit operates entirely outside of any church organization, and without believing one single thing any church teaches.

Now from the Philippine Islands comes a letter which states:

"I am very much delighted in being able to know the real truth about God, which the churches either cannot or will not teach. Ever since I started taking your Lessons my life has been changed for the better. I am fully satisfied with life now, not like it was before. In fact, I feel that I am in Paradise."

From Buffalo, New York, Student No. 28-813 states:

"I have received my second Lesson, May 2, 1940, and needless to say I am very much pleased with it. I believe this is what I have been working for all my life, as I have already derived great benefits. The Power is wonderful and beautiful."

We go now to Fort Wayne, Indiana. This lady works in a large grill, in fact, it is Indiana's most popular restaurant. This waitress says:

"Oh, Doctor Robinson, this is really the first bit of real happiness I have ever known. You can't realize how precious it is to me. When your third Lesson came, I was offered a much better job, and I am writing to tell you how happy I am."

From Hutchinson, Kansas, comes a letter from a wonderful Student who states:

"I wish to thank you very much for the help given me. The trouble was diagnosed as sinus infection. After our second telegram to you, relief came and no opiates were used for a period of 18 hours, whereas previously, they were necessary about every four hours."

Now we go to Dayton, Ohio, and Student Rittenour says:

"I thank you very much for 'PSYCHIANA.' It has done me a lot of good and I could not do anything now without the great Life-Spirit, but with that Spirit I can do anything."

This Student is perfectly correct and I wish the whole world could recognize that fact. It makes no difference who you are or what your circumstances may be, when you realize that the infinite Creative Intelligence which is powerful enough to create life really exists in you, then you will know what and where God really is.

## Drifting

As I write this to you, it seems as if the United States is drifting steadily into this war. We may even be in it before you read this. I hope not. As I see it, our play is not to get into this war, but to ship the Allies all we can possibly spare, and at the same time make this fair land so invulnerable that no enemy, or no combination of enemies, ever dare attack us. In that way, nobody will be killed, for if we are stronger than all our enemies combined, they will stay over there in Europe where they belong. We have done pretty well without them so far, and we can get along quite well without their damnable totalitarian doctrines from now on.

## The American Way

As the war clouds lower over Europe, and as the suffering millions plod their weary ways from the battle zones south, in France, in a seemingly futile effort to escape the bloody murder of the flame-throwers, the Stuka bombers, the death-dealing bayonets, the heart of every American revolts. Well it might. Such ghastly wholesale murder cannot be justifiable ever. Regardless of what one says, such methods are not human, and the man who started this ball of hell rolling will reap a very bitter reward. I am supposed to be neutral, as we all are. But, knowing something of God, I find it pretty hard to be neutral when I see my fellow human beings blasted into eternity by a group of devil-possessed madmen.

What should we in America do? What is the American way out of this welter of wholesale murder which soddens the earth with a pall of blood? Let me tell you. Let Americans all recognize the existence of nobler impulses, purer thoughts, more humane actions, and let us know that the inherent power of the right over the wrong is bound to win. This cataclysm is a period in time, into which the world has been heading for many years. It had to come. There was no power on the earth which men and women knew could be depended upon to fill the aching voids in the hearts of all of us. In other words, the lack in the whole human race is caused because the human race does not know anything whatsoever about the Spirit of God. It knows a lot about religions. It has heard many different ways of "saving the soul" after death. Most any church organization can give you information on that subject.

What this world needs most, however, is to know how to find the Power of the Spirit of God here and now. It wants to find the Power which can, through its existence in each of us, not only bring to us all the things we need, but which can make its presence known throughout the world in such a manner that war, hatred, unrest, crime, immorality, and the rest of that, shall automatically be forgotten in the pure sunshine of God. That possibility exists here

and now. Had the true picture of God ever been given to this world, this ghastly war could not have happened; but the true picture of God has not been brought to the world by any system of religion, be it Italian or whatnot. God is not known on this earth. To most people, the name of God is a joke. Well, all I can say is that the existing Power of the Spirit of God in you, and you, and you, is the most powerful invisible Spiritual Power this world has ever known. The American way is to recognize that God-Power, and, recognizing it for what it is, use it against these ghastly murderers who, unless stopped, will make of this earth a desert.

That day will never come. There are a few people on this earth who do know the actual Power of the Spirit of God, and these people are, four times daily, throwing this Power against the negative forces of evil. You had better join with us, for God, with all His Power, actually exists in you. Why not believe us, and try finding out once. It's easy to find God when you know where to look. *In you, and nowhere else.* So then, stay still now, close your eyes, and, recognizing the staggering fact that the invisible Spirit of God *does* exist in you, remind yourself of that fact by repeating this statement, quietly, many times: "*I have the Power—I have the Power.*" You will not be doing that very long until the Spirit of God speaks to you, and when God speaks, better listen, for the voice of God is the voice of Power. You need that Power.

## For Others

There lies before me now a letter from a Baptist preacher in Duluth. In part the letter berates me for, as he puts it, "destroying the very foundations of the faith of millions." He closes his letter with this meaningless statement: "Your religion cannot save you or anyone else from sin, and I should hate to go to my doom, pillowing my head on a religion which was evolved in the back of a drug store." My answer to that is that I am not in the slightest degree interested in being "saved from sin." I don't care a hang whether I'm full of sin, for I'm too busy trying to

bring the truths of the Spirit of God to a dying world to take much notice of myself. I would gladly "die in my sins" if, by doing so, I could bring to this world the actual truths of the Spirit of God. World conditions are too desperate for any true man to be worrying his head over his sins. What this world needs is men who, knowing the Power of the Spirit of God, are not afraid to tell the world of that Power, even if the telling of it is opposed to every religious organization in existence.

None of these organizations have ever been able to reveal God to man. None of them can now, in this fateful hour, do one thing towards bringing these war-mad dictators to their knees, nor can they do one single thing towards making the American people acquainted with God. They promise a lot of things "beyond the sky," where proof is impossible; but they cannot, and they do not, bring to the human race a picture of God, so clear, so sensible, and so powerful that through it, humanity may, as a whole, find God. That, they cannot do. The reason they cannot do that is because they do not have knowledge of the Spirit of God. What this world needs now is not theology, nor is it religious theories and traditions—it *needs the actual Power of the Spirit of God in human lives*—that's what this world needs; and until that revelation of the actual Power of the Spirit of God is brought to this earth, it can know no peace whatsoever. Let my good Baptist friend rave about "washing my sins away," for I have no time to bother with my "sins." I'm too busy bringing God to the world.

## Dannemora Prison

I have a letter this morning from one of our Students in Dannemora prison. Oh yes, we have Students in every federal penitentiary in the land. I send the inmates who request it, the Lessons free of all charge. This chap in Dannemora tells me that there is a little group of Students who gather every day in the yard, and study and discuss the things of God as we reveal them to these good fellows. When the human race realizes the staggering fact that all the Power of the Creator of this universe is available to it here and now, then will the liberation of the human race be complete. These poor devils have done some wrong of some sort, and they are in the penitentiaries of the country. That would not be if the world knew God. The Portland banker, a millionaire, who refused me \$100,000 not long ago with the remark, "not interested," is, perhaps, just as much a criminal as any one of these chaps there in Dannemora. This man has the money. He could, if he wished, make it possible for this message of the Power of the Spirit of God to be sent around the world in such fast order that millions of Americans would know the liberating Spirit which is God. But he was "not interested." All he is interested in is the dollar. Well, if Hitler ever should take this country, which he never will, that banker and his dollars wouldn't amount to very much. I should hate to have the responsibility that man incurred, resting on my shoulders. The Power of the Spirit of God is being made known to men and women through this Movement. There is no question about that. Yet this man absolutely refused to give sufficient funds to this Movement, which funds would have made it possible for me to step into the front of the national picture with the message of God which can save humanity. Great is that responsibility. Too great for me to carry. I wouldn't want it said that I refused money for such a cause.

The founder of this Movement is trying in every way he knows how, to tell men and women of the existing Power of the Spirit of God. He has been amazingly successful. None have ever duplicated what he has done, and this is proof of the Power of God

behind the whole Movement. He takes nothing but a salary from the Movement, and has not the slightest interest in money, as such. All he is asking is that someone who has money, give it to this Movement, so that the saving truths, not of the church, but of the Spirit of God, may be made known to mankind. Yet this man was "not interested." Oh yes he is, but he does not know it. That refusal to help me will bring its corresponding reward, and I wouldn't want the reward which that man will get.

I want every Student and non-Student to keep the affirmation against Hitler alive. It is having its effect, believe you me, and I know more about that than Hitler himself knows. He is doomed. His rotten ideologies are doomed. His fanatical aspirations are doomed, and, on the bloody battlefields of Europe there shall rise a civilization which will once and forever doom such bestial wholesale murders as he has committed, into the limbo of the again impossible. It is this affirmation of fact which is doing this. It will bring his downfall. How much faster could that be done if someone who has the means, would give them to me. Do what you can, and just as soon as sufficient funds are available, I shall leave Moscow and the world will know that the truths of God are, at long last, being brought to the human race.

goes, what difference does it make where the religion was born, if the Spirit of God is behind it? "Psychiana," in its eleven years of infancy, can show more people who have had the Power of the Spirit of God brought to them than the entire Baptist denomination can show over a like period of years. All that denomination can show is continual losses. So then, Brother, before you undertake to rake me over the coals and poke fun at my "drug store" religion, prove the merit of your own in the lives of others. These are days when every man who has taken upon himself the name of God, should prove the truth of his philosophy by its results in human lives. Never mind me. Leave me alone. I'll get along very nicely with God, and the results

I am achieving in human lives speak for themselves. Whenever I find a preacher trying to disparage another religion, I always know that preacher is a rank failure or he would not have time to pick the moat out of the other fellow's eye.

## Increase the Pressure

Adolf Hitler promised the world and the German people that he would be in London on Aug. 15th. He wasn't. This is the first promise Hitler has made in this war he hasn't been able to keep. The tide has definitely set in against him. He will be completely and utterly defeated along with his mad theories that brute force is all powerful. The thing that is bringing him to his tragic end is the "Psychiana" Spiritual Blitzkrieg. Keep it up. He cannot stand against it. It's a wonderful thing to be able to help bring this madman to his knees through the superior Power of God. So keep it up. Get others to join with us.

Now, if that sovereignty in the county says the saloon must go, we call it local option. It is the voice of the same authority in a limited area, which speaks in constitutional prohibition concerning the territory of an entire state, as in Maine or Kansas. The good results are small or great, in proportion as the area is limited or extended. The intelligent and robust temperance worker will contend for every inch of territory he can conquer; he will begin at the threshold of his own home and not lay down the warfare while there is a dramshop in any spot the flag floats over.—Mrs. E. Foster.

## "PSYCHIANA" SPIRITUAL BLITZKRIEG

WILL BRING YOUR SPEEDY  
DOWNFALL."**
